Field Operations Review

Prepared by the operations assistant

Field Operations Review

This quarterly review summarises field activity across the three regions, with order volumes, response times and the follow-up commitments raised during the June site visits. This quarterly review summarises field activity across the three regions, with order volumes, response times and the follow-up commitments raised during the June site visits. This quarterly review summarises field activity across the three regions, with order volumes, response times and the follow-up commitments raised during the June site visits.

Regional order volumes

The table below lists per-region order counts with their month-over-month change. Values are illustrative fixture data, generated locally by Hutch's document pipeline.

Region	Orders	Change	Notes
Region A	120	+6%	Follow-ups scheduled
Region B	157	+7%	Steady
Region C	194	+8%	Follow-ups scheduled
Region D	231	+9%	Steady
Region E	268	+10%	Follow-ups scheduled
Region F	305	+11%	Steady
Region G	342	+12%	Follow-ups scheduled
Region H	379	+13%	Steady
Region I	416	+14%	Follow-ups scheduled
Region J	453	+15%	Steady
Region K	490	+16%	Follow-ups scheduled
Region L	527	+17%	Steady

Response times

Median response time stayed inside the four-hour commitment in every region. The northern depot improved most after the roster change described in the next section.

- Northern depot: median 2h41m, down from 3h22m
- Southern depot: median 3h05m, unchanged
- Eastern depot: median 3h44m, improving after staffing

> *Every number in this report traces to the accompanying workbook, including the totals that were computed and cached at generation time.*

Follow-up commitments

1. Confirm the northern roster change with the depot lead
2. Publish the response-time dashboard to the regional group
3. Re-review volumes after the July promotion window
